SHRI GURUDAS DAS GUPTA:*

MR. CHAIRMAN: Mr. Gurudas Das Gupta, you have got double 'Das'. (*Interruptions*). Please hear me. (*Interruptions*).

SHRI GURUDAS DAS GUPTA: Another qualification for Mr. Bajaj is, he used to fly kites when he was a child. So I would like to ask specifically from the hon. Minister, why these gentlemen, who have no expertise in flying and against whom many complaints are pending, have been appointed, for what reason. Is it a prelude for privatisation of this public sector?

SHRI JAGDISH TYTLER: Mr. Chairman, Sir, I would like to answer the latter part first. It is not a prelude to privatisation. Secondly, we have not taken people because they have got a background of flying. We have just followed the guidelines which have been laid down by the Government of India, where they have said that reputed industrialists, scientists and the people who have come out well in their own profession, they could become the members of that board. It is on those lines that we have taken both the gentlemen.

MR. CHAIRMAN: Second supplementary.

SHRI GURUDAS DAS GUPTA: I have gone through the list which shows that there are three persons from the Tata families in these two boards. There is another lady who is also known as a woman industrialist. There is one more gentleman who is also an industrialist. Therefore, these two boards are packet with industrialists. My specific point is, is it the guideline of the Government which specifically says that the industrialists should manage Air India and Indian Airlines? How many of them are scientists?

SHRI JAGDISH TYTLER: I think it is very wrong to state like this because we are not going to run the airlines, it is the Ministry which runs the airlines. It is only the guidance based on their own professional experience which they are going to give because let me tell you... (*Interruptions*).

MR. CHAIRMAN: Let him answer.

SHRI GURUDAS DAS GUPTA: How many people, who have violated law, will be given the responsibility of running these boards? They have violated the law.*

MR. CHAIRMAN: None of these things will go on record. Now Mr. Nirmal Chatterjee. You can now fire.

SHRI NIRMAL CHATTERJEE: Sir, when the industry gets sick in the private sector, the public sector people or the Government intervenes and takes up their management.

MR. CHAIRMAN: Question Hour is over.

SHRI NIRMAL CHATTERJEE: This is private sector intervening in the public sector.
